

Hurstpierpoint Gymnastics Club

Environmental Policy

Hurstpierpoint Gymnastics Club is committed to minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- a) Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- b) Minimise toxic emissions through the selection of its power requirements.
- c) Actively promote recycling both internally and amongst its customers and suppliers.
- d) Source and promote products used to minimise the environmental impact of both production and distribution.
- e) Meet or exceed all the environmental legislation that relates to the Club.
